2. **Roots** <https://www.friendsofroots.net>

Roots is a unique network of local Palestinians and Israelis who have come to see each other as the partners we both need to make changes to end our conflict. Based on a mutual recognition of each People's connection to the Land, we are developing understanding and solidarity despite our ideological differences. Roots is a place where local peoples can take responsibility. Our work is aimed at challenging the assumptions our communities hold about each other, building trust and creating a new discourse around the conflict in our respective societies. This is a grassroots and local model for making change — from the bottom up.

5. **Kfar Aza** <https://www.jgive.com/new/en/usd/donation-targets/110441>

This fund specifically goes to the households of 5 families hit very hard by events on October 7 at Kfar Aza.

6. **Hostages and Missing Families Forum** <https://stories.bringthemhomenow.net>

The Hostage and Missing Families Forum was formed by the families of the abductees less than 24 hours after the horrific attack by Hamas on Israel on October 7th, in which more than 1300 innocent civilians were murdered and hundreds were taken hostage. The Forum is volunteer-based and laser-focused on bringing the hostages back home to their families, to us.

The forum offers families holistic medical and emotional support as well as professional assistance, and advances the ongoing efforts locally, regionally and globally, to bring the hostages and the missing back home.

Counting thousands of volunteers and supporters, the Hostage and Missing Families Forum includes family members and friends of the hostages alongside top security, law, media and diplomacy experts who are donating their time to the cause.

Donations are directed towards advancing all necessary efforts through diplomatic, medical and legal channels and towards raising public awareness to the hostage crisis by creating campaigns in Israel and abroad.

Demanding the release of innocent hostages does not require bravery, it is not political either. Many of the hostages are children, women and the elderly. We invite you to support us at this difficult time and stand by the innocent civilians and their families in a clear demand to bring them home now.
